Northern Education

Northern Education was formed in 2000. We are a leading company dedicated to supporting improvements in services to children and young people by working with leading professionals in schools. What makes us different is our relationships - we work with you as partners to support you to achieve your immediate needs and your long term goals. We have worked with a wide variety of primary schools for many years and across local authorities.

Recognised Authority

We offer an experienced team of primary professionals who can provide the wide variety of support that schools may need and want including, for example human resources, ICT-CPD, change management and school improvement.

Our aim is to make this a simple one stop shop – **straightforward and highly effective**

Our Support Services Offer for Primary Schools, Local Authorities and Academy Chains

Each of our Associates brings a wealth of educational experience to any project. We can, therefore, construct multidisciplinary teams, if you wish, to address major transformational programmes and more tailored teams to meet specific needs. (See the profile of our Associates on our website)
