## **Do you need an extra helping hand?**

Whether you are changing status, need help with reviewing aspects of your school curriculum or need to develop your staff and Governors, Northern Education can help

## Change of Status

Are you considering a change to Federation, Trust, Teaching School or Academy School Conversion? If so Northern Education can help you through all stages of the process with comprehensive advice and support. Any change in status requires the services of a range of professionals outside of the teaching profession. We can provide those people to guide you through and deliver high quality services.

## Reviews

Do you want an aspect of provision reviewed or the whole school? We can help. We can meet your needs with a team of primary professionals with skills in reviewing, self evaluation and inspection processes. Whatever your requirements are we can customise support to meet them. Our reviews will be structured to ensure they are developmental for school staff. If needed, the rigour of the Ofsted framework can be applied to evaluate school performance and support self evaluation. We can facilitate and review partnership work, forge development opportunities and support sustainable effective management. We can support you in building coalitions of common purpose with multiagency teams, the business sector and 3<sup>rd</sup> sector organisations to add more capacity and added value.

## Brokered Services

Our range of brokered support services can be of enormous benefit to you. They are designed to support the smooth, efficient and effective running of your school to ensure all systems are in peak condition. This support is provided by experts in their own fields with a wealth of experience and knowledge.

## Leadership

We are dedicated to helping leaders become highly effective and efficient throughout their schools. We will work with you to ensure effective teaching and learning is taking place and behaviour for learning is positive. Our Primary Associates have outstanding records as leaders themselves and all have worked in a variety of contexts and can demonstrate their significant impact on a range of schools. We have a nationally recognised expertise in 'supportive intervention.' Working with school leaders and leadership team members, including Governors, we identify the most appropriate strategies and systems to improve performance. We offer executive coaching and support to develop effective Governance in world class organisations. Can we help you?

### Northern Education

Northern Education was formed in 2000. We are a leading company dedicated to supporting improvements in services to children and young people by working with leading professionals in schools. What makes us different is our relationships - we work with you as partners to support you to achieve your immediate needs and your long term goals. We have worked with a wide variety of primary schools for many years and across local authorities.

Our aim is to make this a simple one stop shop  
– straightforward and highly effective

### Recognised Authority

We offer an experienced team of primary professionals who can provide the wide variety of support that schools may need and want including, for example human resources, ICT-CPD, change management and school improvement and organisational effectiveness.

### Our Support Services Offer for Primary Schools, Local Authorities and Academy Chains

Each of our Associates brings a wealth of educational experience to any project. We can, therefore, construct multidisciplinary teams, if you wish, to address major transformational programmes and more tailored teams to meet specific needs. (See the profile of our Associates on our website)
